

New Drug List for 2008

Acanya (benzoyl peroxide and clindamycin phosphate) Topical Gel Treatment for: Acne

Accretropin Subcutaneous Injection Treatment for: Pediatric Growth Hormone Deficiency, Turner's Syndrome

AdreView (iobenguane) Injection Treatment for: Diagnostic

Akten (lidocaine hydrochloride) Ophthalmic Gel Treatment for: Ocular Anesthesia

Alvesco (ciclesonide) Inhalation Aerosol Treatment for: Asthma

Aplenzin (bupropion hydrobromide) Extended-Release Tablets Treatment for: Ulcerative Colitis

Apriso (mesalamine) Extended-Release Capsules Treatment for: Hypertension

Arcalyst (rilonacept) - formerly Interleukin-1 Treatment for: Cryopyrin-associated periodic syndromes

Artiss (fibrin sealant (human)) Treatment for: External burns

Astepro (azelastine) Nasal Spray Treatment for: Allergic Rhinitis

Banzel (rufinamide) Tablets Treatment for: Lennox-Gastaut Syndrome

Bystolic (nebivolol) Tablets Treatment for: Hypertension

Cimzia (certolizumab pegol) Injection Treatment for: Crohn Disease - Acute

Cinryze (C1 esterase inhibitor) Treatment for: Angioedema

Cleviprex (clevidipine butyrate) Injectable Emulsion Treatment for: Hypertension

Durezol (difluprednate) Ophthalmic Emulsion Treatment for: Postoperative Ocular Inflammation

Eovist (gadoxetate disodium) Treatment for: Diagnostic

Entereg (alvimopan) Capsules Treatment for: Postoperative Ileus

Flo-Pred (prednisolone acetate) Oral Suspension Treatment for: Anti-inflammatory, Asthma

Intelence (etravirine) Tablets - formerly TMC125 Treatment for: HIV Infection

Kinrix vaccine Treatment for: Prophylaxis for Diphtheria, Tetanus, Poliomyelitis, Pertussis

Kuvan (sapropterin dihydrochloride) Tablets Treatment for: Phenylketonuria

Levoleucovorin (levoleucovorin) for Injection - formerly Isovorin Treatment for: Folic acid antagonist overdose, methotrexate rescue

Lexiscan (regadenoson) Injection Treatment for: Pharmacologic Stress Agent in Radionuclide Myocardial Perfusion Imaging

Liquadd (dextroamphetamine sulfate) Oral Solution Treatment for: ADHD for patients having difficulty swallowing pills

LoSeasonique (ethinyl estradiol and levonorgestrel) Tablets Treatment for: Contraception

Metvixia (methyl aminolevulinate hydrochloride) Cream Treatment for: Keratosis

Moxatag (amoxicillin) Extended Release Tablets - formerly Amoxicillin PULSYS Treatment for: Tonsillitis/pharyngitis

Navstel Intraocular Irrigating Solution Treatment for: Intraocular Irrigation

OraVerse (phentolamine mesylate) Injection Treatment for: Reversal of Anesthesia

Nplate (romiplostim) Treatment for: Idiopathic (Immune) Thrombocytopenic Purpura

Patanase (olopatadine hydrochloride) Nasal Spray Treatment for: Seasonal allergic rhinitis

Pentacel vaccine Treatment for: Prophylaxis for Pertussis, Tetanus, Diphtheria, Poliomyelitis, Haemophilus influenzae

PrandiMet (repaglinide and metformin) Tablets Treatment for: Diabetes Mellitus, Type 2

Pristiq (desvenlafaxine) Extended-Release Tablets Treatment for: Depression

Promacta (eltrombopag) Tablets Treatment for: Idiopathic (Immune) Thrombocytopenic Purpura

Rapaflo (silodosin) Capsules Treatment for: Benign Prostatic Hyperplasia

Recothrom (Thrombin, topical (Recombinant) - formerly rhThrombin Treatment for: Hemostasis During Surgery

Relistor (methylnaltrexone bromide) Subcutaneous Injection Treatment for: Opioid-Induced Constipation

Rotarix (rotavirus vaccine, live attenuated) Treatment for: Prevention of Rotavirus Gastroenteritis

Sancuso (granisetron) Transdermal Patch Treatment for: Nausea/Vomiting - Chemotherapy Induced

Simcor (niacin) ER and simvastatin) Tablets Treatment for: Hyperlipidemia

Stavzor (valproic acid) Capsules Treatment for: Bipolar Disorder, Seizures, Epilepsy, Migraine Prophylaxis

Tekturna HCT (aliskiren and hydrochlorothiazide) Tablets Treatment for: Hypertension

Tapentadol Immediate Release Tablets Treatment for: Pain

Treanda (bendamustine hydrochloride) Injection Treatment for: Chronic lymphocytic leukemia

Toviaz (fesoterodine fumarate) Extended Release Tablets Treatment for: Urinary Frequency

Treximet (sumatriptan succinate and naproxen sodium) Tablets - formerly Trexima Treatment for: Migraine

Trivaris (triamcinolone acetonide) Intravitreal Injection Treatment for: Ocular Inflammatory Conditions

Vimpat (lacosamide) Treatment for: Seizures

Xenazine (tetrabenazine) Treatment for: Huntington's Chorea

Xyntha (antihemophilic factor (recombinant), plasma/albumin free) Treatment for: Hemophilia A
