

Terms related to Joints

- 3 -

- 3R80 modular hydraulic knee joint

- A -

- AC joint
- acromioclavicular joint
- adjustable dynamic joint (ADJ)
- amphidiarthrodial joint
- ankle joint
- anterior sternoclavicular joint
- apophysial joint
- atlantoaxial joint
- atlantooccipital joint
- atlantodontoid joint

- B -

- bail-lock knee joint
- ball-and-socket joint
- basal joint
- beaking joint
- biaxial joint
- bilocular joint
- Budin joint

- C -

- calcaneocuboid joint
- calcaneonavicular joint
- Cam Lock knee joint
- capitate-hamate joint
- capitate-lunate joint
- carpal-intercarpal joint
- carpometacarpal joint
- carpophalangeal joint
- cartilaginous joint
- CC joint

- cervical joint
- Charcot joint
- Chopart midtarsal joint
- Clutton joint
- CMC joint
- coccygeal joint
- composite joint
- compound joint
- condyloid joint
- congruent metatarsophalangeal joint
- coracoclavicular joint
- costochondral joint
- costotransverse joint
- costovertebral joint
- coxofemoral joint
- cracking of joint
- Cruveilhier joint
- cubital joint
- cubonavicular joint
- cuneiform joint
- cuneometatarsal joint
- cuneonavicular joint

- D -

- Delrin joint
- diarthrodial joint
- digital joint
- DIP joint
- distal interphalangeal joint (DIPJ)
- distal radioulnar joint (DRUJ)
- distal tibiofibular joint
- double pearl-face hip joint
- double-action ankle joint
- double-stem silicone lesser MP joint
- dry joint

- E -

- elastic knee cage with medial and lateral contoured knee joints
- elbow joint
- ellipsoid joint
- enarthrodial joint
- erythema of joint
- extraarticular subtalar joint

- F -

- facet joint
- false joint
- femoropatellar joint
- femorotibial joint (FTJ)
- fibrocartilaginous joint
- fibrous joint
- Fillauer dorsiflexion assist ankle joint

- Fillauer PDC ankle joint
- finger joint
- flail joint
- fourth metatarsophalangeal joint
- freely movable joint
- fringe joint

- G -

- Gaffney joint
- Gillette double-flexure ankle joint
- ginglymoid joint
- glenohumeral joint
- gliding hinge joint
- Greissinger Multi-Axis joint

- H -

- hallux IP joint
- hamate-lunate joint
- hemophilic joint
- hinged joint
- hip capsule joint
- hot joint
- HP-100 prosthetic finger joint
- humeroulnar joint
- hyperextensibility of joint
- hypermobile joint
- hysterical joint

- I -

- IM joint
- immovable joint
- incudomalleolar joint
- inferior radioulnar joint
- inferior tibiofibular joint
- Integrated Ankle orthotic ankle joint
- interarticular joint
- intercarpal joint
- interchondral joint
- intercuneiform joint
- intermetacarpal joint
- intermetatarsal joint
- interphalangeal joint (IPJ)
- intervertebral joint
- IP joint
- irritable joint

- J -

- joint activated system (JAS)
- joint arthrodesis

- joint arthrogram
- joint arthrography
- joint arthrometer
- joint arthropathy
- joint aspiration
- joint block
- joint capsule
- joint capsule mechanoreceptor
- joint cavitation
- joint cavity
- joint chondroma
- joint cinch
- joint congruence
- joint debris
- joint deformity
- joint degeneration
- joint depression fracture
- joint disarticulation
- joint dislocation
- joint disruption
- joint distraction
- joint distraction cuff
- joint distractor
- joint dysfunction
- joint effusion
- joint force
- joint fulcrum
- joint fusion
- joint hyperextensibility
- joint hypermobility
- joint immobilization
- joint immobilizer
- joint implant
- joint instability
- joint internal derangement
- Joint Jack
- joint lavage
- joint laxity
- joint leveling
- joint line
- joint line pain
- joint line tenderness
- joint manipulation
- joint meniscoid
- joint mice
- joint mobility
- joint mobilization
- joint model
- joint osteoarthritis
- joint play
- joint popping
- joint position sense (JPS)
- joint reconstruction
- joint release
- joint replacement surgery
- joint rice
- joint space
- joint spacer
- joint sprain
- joint stiffness

- joint subluxation
- joint swelling
- joint verrucous carcinoma
- joint warmth
- joint wound
- joint wrap

- K -

- knee joint

- L -

- lap joint
- lateral atlantoaxial joint
- lesser metatarsophalangeal joint
- limited motion metal ankle joint
- Lisfranc joint
- locking of joint
- LT joint
- lumbosacral joint
- lunocapitate joint
- Luschka joint

- M -

- metacarpocapitate joint
- metacarpocarpal joint
- metacarpohamate joint
- metacarpophalangeal joint (MPJ)
- metacarpophysial joint
- metacarpotrapezoid joint
- Metasul joint
- metatarsal joint
- metatarsal-tarsal joint
- metatarsocuboid joint
- metatarsocuneiform joint
- metatarsophalangeal joint (MTPJ)
- metatarsosesamoid joint
- midcarpal joint
- middle atlantoepistropheic joint
- middle carpal joint
- midfoot joint
- midtarsal joint
- mortise and tenon joint
- movable joint
- MTP joint (MTPJ)
- multiaxial joint
- multiple axis knee joint

- N -

- naviculocuneiform joint

- near-anatomic position of joint
- neuropathic joint
- neurotrophic joint
- noncongruent metatarsophalangeal joint
- nonsubluxated metatarsophalangeal joint

- O -

- oblique metatarsocuneiform joint
- occipital-axis joint
- occipitoatlantoaxial joint
- Oklahoma ankle joint
- Otto Bock 3R45 modular knee joint
- Otto Bock 3R65 children's hydraulic knee joint

- P -

- patellofemoral joint
- pisotriquetral joint
- pivot joint
- plane joint
- plastic limited-motion joint
- polyaxial joint
- proximal interphalangeal joint (PIPJ)
- proximal tibiofibular joint

- R -

- radiocapitellar joint
- radiocarpal joint
- radiohumeral joint
- radiolunate joint
- radioscapoid joint
- radioscapolunate joint
- radioulnar joint
- rotary joint

- S -

- sacrococcygeal joint
- sacroiliac joint
- saddle-shaped joint
- scaphocapitate joint
- scapholunate joint
- scapuloclavicular joint
- scapulothoracic joint
- Scotty stainless ankle joint
- Select joint
- septic finger joint
- sesamoidometatarsal joint
- shoulder joint
- SI joint
- Silastic finger joint

- simple joint
- single pearl-face hip joint
- single smooth-face hip joint
- single-axis ankle joint
- S-K reconstruction of distal radioulnar joint
- slip joint
- solid ankle joint
- spheroidal joint
- spiral joint
- stable hinge joint
- sternoclavicular joint (SCJ)
- sternocostal joint
- stifle joint
- STT joint
- subluxated metatarsophalangeal joint
- subtalar joint (STJ)
- superior radioulnar joint
- superior tibiofibular joint
- Sutter silicone metacarpophalangeal joint
- suture pusher talofibular joint
- Swanson finger joint
- synarthrodial joint
- synovial joint

- T -

- talocalcaneal joint
- talocalcaneonavicular joint
- talocrural joint
- talofibular joint
- talonavicular joint
- Tamarack flexure joint
- tarsal joint
- tarsometatarsal joint
- temporomandibular joint (TMJ)
- tibiofemoral joint
- tibiofibular joint
- tibiotalar joint
- TN joint
- total replacement joint
- track-bound joint
- transverse tarsal joint
- trapeziometacarpal joint
- trapezotrapezoidal joint
- triscaphe joint
- trochoid joint

- U -

- ulnocarpal joint
- ulnohumeral joint
- Ultraflex Dynamic Joint
- uncovertebral joint
- uniaxial joint
- unilocular joint
- unstable joint

- V -

- Virtual hip joint
- von Gies joint

- W -

- wedge-and-groove joint
- weightbearing joint

- X -

- xiphisternal joint

- Z -

- zygapophysial joint
